IDD:

Creative Expression

When: Wednesdays @ 1PM

Clinician: Katie Andrias & Natalie Rosario

Description: This play therapy group is designed for adults with intellectual developmental disabilities. Play therapy has been widely recognized as being effective with children, but research indicates that it is as beneficial for adults, especially those who struggle with traditional "talk therapy" (developmental disabilities, arrested emotional developmental stages, childhood trauma). Adults in this group will have the opportunity to communicate through non-verbal expression, utilizing toys and art materials available in the room. This group will use non-directive approach (person-centered play therapy), where adults, at their own pace, can learn: self-expression, coping skills, self-regulation, and improve self-esteem.

Status: Open, Accepting Referrals

Duration: On-going

Mindfulness:

Mindfulness

When: Tuesdays @ 11:00 AM

Clinician: Katie Andrias

Description: This group is for adults who want to learn how to slow down their hectic, stressful and chaotic lives. The practice of Mindfulness teaches us how to increase self-awareness and has been shown to be effective in helping people who suffer from overwhelming stress, anxiety, irritability, and chronic illness. It works by helping people to let go of negative feelings, better control emotions, feel more calm and confident, and find greater fulfillment in relationships and in daily life. Group will provide members with a safe environment where they will learn about mindfulness, be supported, and develop techniques to help cope with their symptoms.
